AUGI Chapter Leaders (Current & Future) Convene

If you currently lead a local chapter (or would like to), today's Leadership Conference is a perfect way to spend your Monday afternoon and early evening.

It's all about establishing relationships—with reseller sponsors, with Autodesk, with AUGI, and with your fellow group members. You will leave this conference prepared to take your chapter to the next level or to build your fledgling chapter on a rock-solid infrastructure.

Course sessions offer practical advice on such basics as establishing a group and creating and maintaining a successful local chapter.

Other sessions on relationship development and network building will show attendees how to nurture key relationships that are vital to their chapter's success.
