AUGI Annual Meeting Set for Tonight

Don't forget to attend the AUGI Annual Meeting this evening. You will have the opportunity to meet (and thank) your current board of directors.

You'll also hear about the great things that AUGI has done this year and get a sneak peek at what's planned for 2008.

The AUGI Wish List will be formally presented to Autodesk at this event, so you can expect the next releases of AutoCAD, Autodesk Inventor, AutoCAD Civil 3D, and Revit to contain many of the product improvement suggestions that came from you and your fellow members.

Following the Annual Meeting is the popular AUGI Beer Bust, which will be held in the Exhibit Hall. And no trip to AU is complete without a commemorative

AUGI mug, so make the AUGI Annual Meeting and Beer Bust your Wednesday.
